(1) Helmets – Off Street Drag Racing

Notwithstanding the previous standards, which remain applicable to Pro Am events and higher, drivers of road going cars with elapsed times of 10.00 (1/4 mile) / 6.50 (1/8 mile) or slower, or riders of road going motorcycles with elapsed times of 10.99 seconds (1/4 mile) / 7.00 (1/8 mile) or slower, participating in drag racing events at the Bracket level, may use an open face helmet meeting the following requirements;

- 1) Must conform with AS 1698 as a minimum.
- 2) Must display date of manufacture no older than 10 years (lack of a date of manufacture will render the helmet unacceptable).
- 3) Internal foam must be compressible, not crumbling, properly adhered to the inside of the helmet shell.
- 4) External shell shall have no visible damage or defects.
- 5) Strap must be serviceable and un-frayed.
